The Board of Education has established a program of instruction in sex education.

As a component of the program sex education, reproductive health, and HIV/AIDS are offered in the health classes.

You have the right to review the materials to be used in this course. The local Board of Education, in compliance with the State statute, has made the materials available for your review in the High School/Middle School office. For more information, you may contact the school at 842-3182.

Your child is eligible to participate in this unit. You have the right to excuse your child from participation in the classes, which include reproductive health and HIV/AIDS instruction, if you choose.
